**Burials in Old Killeen**

It is proposed to display the names of all buried in Old Killeen (1921-2007) in the cemetery on the roadside wall. The list of names has been compiled by Stephen Purkis from parish records. If anyone has any objection to this proposal they are requested to contact me by the end of July.

**Questions People Ask**

**Q Who was St Swithin and why is his feast day associated with prediction of the weather?**

**A.** Swithin was Bishop of Winchester, England, in the ninth century. He was a great lover of nature and wished to be buried outdoors where the light of the sun and the sweet rain of heaven might fall on his grave.

However, contrary to his wishes, he was buried inside the cathedral. Guess what. It rained cats and dogs for forty days until they decided to transfer his remains outdoors. It may be a nice story but weather records don't back up the myth.
